The goals of this course are to provide the student with practice experience that involves addressing health care inequities in another country and collaboration with a team of other health professions students to address health-related problems.

Teaching Partnership Leader

Sven A. Normann, Pharm.D.

- Email: normann@cop.ufl.edu
- Office: Gainesville, HPNP, Room 4323
- Phone: 352-273-6305 / 352-870-2385
- Office Hours: Students may contact the Teaching Partner Leader via eMail to set up an in-office appointment or a conference call. They may also use eMail to contact their Faculty Preceptors.

See Appendix A. for Course Directory of Faculty and Staff Contact Information.

Entrustable Professional Activities

This course will prepare you to perform the following activities which the public entrusts a Pharmacist to perform:

1. **EPA A1.** Collect subjective and objective data by performing a patient assessment and gathering data from chart/electronic records, pharmacist records, other health professionals and patient/family interviews.
2. **EPA A2.** Interpret patient data, and identify medication-related problems and develop a prioritized problem list.
3. **EPA A5.** Provide medications, counseling and health wellness information (including referral when there are social determinants of health and disparities).
4. **EPA A9.** Collaborate as a member of an interprofessional team and provide patient-centered care.
5. **EPA D2.** Exhibit commitment to patients and the community by serving as an advocate and leader.
Course-Level Objectives

Upon completion of this course, the student will be able to:

1. Provide patient-centered care in cooperation with other health professional health care team members based upon sound therapeutic principles and evidence-based data, taking into account relevant, social, cultural, and economic issues.
2. Describe the pathophysiology and characteristics of typical infectious diseases, common acute and chronic illnesses, common typical injuries and/or common nutritional problems that are likely encountered in the assigned outreach experience.
3. Demonstrate cultural competency with patients and local healthcare providers in the international setting.
4. Recognize cross-cultural differences that impact a patient’s beliefs about health and treatment of illnesses.
5. Demonstrate the professional attitudes and behaviors that characterize a professional pharmacist

Course Pre-requisites

1. Completion of first semester of Year 1 Pharm.D. Curriculum Requirements.
2. Approval by Office of Student Affairs that the student has a minimum COP GPA of 2.5 with good academic and conduct standing as defined by the COP Academic Performance Standards and the Professional Standards.
3. Must complete all prerequisites that the UF International Center requires prior to traveling internationally as a UF student.

Course Co-requisites

1. None.

Course Re-take

Students may not repeat this course for credit for meeting the 8-hour elective requirement in the Pharm.D. curriculum.

Place and Time of Class Sessions

The International Pharmacy Outreach Program will include three phases: I – Pre-Experiential, II – Experiential (In-Country) and III – Post Experiential. The Experiential (In-Country) phase will be conducted during a defined block period and will be at least 5 days in length, not including travel. There will be required preparation, activities and assignments that will take place in the months leading up to the in-country program. Post program activities will occur during the weeks following the program and will include submission of In-Country assignments and completion of post-program activities.
Course Outline

Please routinely check your campus calendar and the Canvas course site for any messages about changes in the schedule including meeting dates/times, deadlines, and room changes.

Required Textbooks/Readings
No required textbook readings.

Suggested Textbooks/Readings
1. Assigned readings will be made available in Canvas©

Other Required Learning Resources
None

Student Responsibilities
1. Actively participate in all program activities as directed by the faculty preceptor.
2. Complete all pre-program and post-program assignments.
3. Meet financial responsibilities for program participation.
4. Participate as an effective team member in all program activities.
5. Exhibit a professional, courteous, and respectful manner at all times.

Faculty Responsibilities
1. The Teaching Partner Leader and faculty preceptors address the academic side of programming, integrating site and curriculum, as well as logistics and financial planning.
2. It is the Teaching Partner Leader’s role to provide academic advice to participants, ensuring that the academic experience is appropriate to a university-level study and learning experience.
3. The Teaching Partner Leader and Faculty Preceptor will act as a resource to participants who may need assistance with personal, emotional, financial, and health problems that may arise during the program.
4. The Teaching Partner Leader serves as the liaison between the participants and the university. It is the faculty leader’s primary responsibility to inform the International Center (UFIC) of any emergency situation that may arise during the program, including participant behavior problems.
5. It is the responsibility of the faculty preceptor to be prepared to respond appropriately to any emergency situation that might arise during the program.

Materials & Supplies Fees
UF Fee that is in addition to tuition: CISI Insurance.
Students are responsible for: Travel, food, lodging.
Reflection Papers

1. Reflection Paper #1 should include the reasons for wanting to participate in this International Pharmacy Outreach Experience. The paper should be between 1.5 – 2 pages in length. Students should include their expectations on what they hope to learn / experience. This paper is due prior to departure for the trip. See Appendix D for information on grading.

2. Reflection Paper #2 should include a review of the experience, including what the student learned. It should also include any ‘unexpected’ learning. The paper should be between 1.5 – 2 pages in length. This paper is due within one week of returning from their trip. See Appendix D for information on grading.

Student Evaluation & Grading

Evaluation Methods and How Grades are calculated.

[If course is pass fail, include the following: This course is pass/fail. In order to pass the course, you must receive an overall course grade of 69.50%]

[The Canvas© gradebook will be set-up using the percentages below to compute the grade.]

Rounding of grades:

Final grades in Canvas will be rounded to the 2nd decimal place. If the decimal is X.495 or higher, Canvas will round the grade to X.50. The above scale depicts this policy and grades are determined accordingly. Grade assignment is made using this policy and NO EXCEPTIONS will be made in situations where a student’s grade is “close.”

Educational Technology Use

The following technology below will be used during the course and the student must have the appropriate technology and software.
1. ExamSoft™ Testing Platform
2. Canvas™ Learning Management System

Appendix C. Student Performance Evaluation Rubric

Name________________________________________________________________________________ Date_____________________________ City________________________________________

Choose the term that most accurately describes the student’s skill level during the scheduled meetings and clinic activities. Designate “No Opportunity” if there was not an opportunity for the course objective to be addressed in today’s activities. The Faculty preceptor will provide feedback at the mid-point of the experience and complete this rubric at the end of the experience.

<table>
<thead>
<tr>
<th>Objective</th>

Total Score = ___/14

Conversion of Total Score to a Percentage Grade:

14/14 = 100%
13/14 = 97%    6/14 = 60%
12/14 = 95%    5/14 = 50%
11/14 = 90%    4/14 = 40%
10/14 = 85%    3/14 = 30%
9/14 = 80%     2/14 = 20%
8/14 = 75%     1/14 = 10%
7/14 = 70%     0/14 = 0%

Comments:
E - Excellent definition
C - Competent definition
D - Deficient definition

a. Provide patient-centered care in cooperation with other health professional health care team members based upon sound therapeutic principles and evidence-based data, taking into account relevant, social, cultural, and economic issues.

E Consistently provides patient-center care in cooperation with other health professional health care team members based upon sound therapeutic principles and evidence-based data, taking into account relevant, social, cultural, and economic issues.

C Is usually able to provide patient-center care in cooperation with other health professional health care team members based upon sound therapeutic principles and evidence-based data, taking into account relevant, social, cultural, and economic issues.

D Does not provide patient-center care in cooperation with other health professional health care team members based upon sound therapeutic principles and evidence-based data, taking into account relevant, social, cultural, and economic issues.

b. Identify and describe the pathophysiology and characteristics of disease states likely to be encountered on the medical mission including (but not limited to): infectious diseases, acute and chronic illnesses, injuries, pain and malnutrition.

E Consistently identifies and describes the pathophysiology and characteristics of disease states likely to be encountered on the medical mission including (but not limited to): infectious diseases, acute and chronic illnesses, injuries, pain and malnutrition.

C Is usually able to identify and describe the pathophysiology and characteristics of disease states likely to be encountered on the medical mission including (but not limited to): infectious diseases, acute and chronic illnesses, injuries.

D Does not identify and describe the pathophysiology and characteristics of disease states likely to be encountered on the medical mission including (but not limited to): infectious diseases, acute and chronic illnesses.

c. Engage with pharmacy students and faculty, and other members of inter-professional health care teams (when possible) to acquire knowledge about differences in culture and professional customs.

E Consistently engages with pharmacy students and faculty, and other members of inter-professional health care teams (when possible) to acquire knowledge about differences in culture and professional customs.

C Is usually able to engage with pharmacy students and faculty, and other members of inter-professional health care teams (when possible) to acquire knowledge about differences in culture and professional customs.
D Does not engage with pharmacy students and faculty, and other members of inter-professional health care teams (when possible) to acquire knowledge about differences in culture and professional customs.

1. **d. Demonstrate cultural competency with pharmacists and other healthcare providers encountered in the international setting.**

   E Consistently demonstrates cultural competency with patients and healthcare providers encountered in the international setting.
   
   C Is usually able to demonstrate cultural competency with patients and healthcare providers encountered in the international setting.
   
   D Does not demonstrate cultural competency with patients and healthcare providers encountered in the international setting.

   **e. Recognize cross-cultural differences that impact a patient’s beliefs about health and treatment of illnesses.**

   E Is clearly and consistently able to recognize cross-cultural differences that impact a patient’s beliefs about health and treatment of illnesses.
   
   C Is usually able to recognize cross-cultural differences that impact a patient’s beliefs about health and treatment of illnesses.
   
   D Is not able to recognize cross-cultural differences that impact a patient’s beliefs about health and treatment of illnesses.

   **f. Demonstrate the professional attitudes and behaviors that characterize a professional pharmacist.**

   E Clearly understands the importance of and consistently demonstrates the professional attitudes and behaviors that characterize a professional pharmacist.
   
   C Usually understands the importance of and generally demonstrates the professional attitudes and behaviors that characterize a professional pharmacist.
   
   D Shows lack of understanding for and demonstrates minimal to no professional attitudes and behaviors that characterize a professional pharmacist.

   **g. Demonstrate the personal development expected of a pharmacy student by showing initiative, confidence and adaptability.**

   E Clearly understands the importance of and consistently demonstrates the personal development expected of a pharmacy student by showing initiative, confidence and adaptability.
   
   C Usually understands the importance of and generally demonstrates the personal development expected of a pharmacy student by showing initiative, confidence and adaptability.
   
   D Shows lack of understanding for and demonstrates minimal to no personal development expected of a pharmacy student by showing initiative, confidence and adaptability.

## Overall Evaluation

- **Above average**
  - All criteria are met
  - Percentage Grade: 100%

- **Average**
  - Must meet criteria 1, 2, 4, and 5
  - Percentage Grade: 75%

- **Below Average**
  - (Unsatisfactory – Reflection must be resubmitted to pass course)
  - Met 3 or fewer of the following 1, 2, 4, & 5
  - Percentage Grade: 0 on initial submission (if resubmitted, highest grade is 69.5%)
